OUR TOP TIPS TO GET YOU OFF TO A GREAT START!

Use the story section to explain your event and why you have chosen SAS. Throw in a few facts about the devastating impact plastic has on our environment.

Personalise the photos by uploading your own banner and profile pictures.... Profile pictures give your donors confidence that they are donating to the correct person.

Set a target to let people know what you want to achieve and to keep you motivated! It's very satisfying when you hit 100%!

Get your hands on a paper sponsorship form. Contact us or head to our download section to print off your own.

Host fundraising events (quizzes, bake sales) to boost your fundraising – add these to your page as an offline donation.

Post updates – this is especially good if your event has more than one part to it, or you're undertaking a training regime!

Once you're happy with your page get social with it – share it with your social media networks, colleagues, family and anyone else you can think of.
